In this unit about **Ancient Greece**, children will gain an understanding of where and when some key events during the ancient Greek period took place. They will explore what is meant by the term 'trade', 'civilisation' and 'empire'.

They will then independently research and feedback on different elements of daily life in ancient Greece. Children will also explore the differences between life in ancient Athens and ancient Sparta. They will learn about early democracy in Athens and take part in a debate about life in Athens and Sparta. Children will use ancient Greek pottery as a primary source to help them gather evidence about the ancient Greek Olympics and make comparisons between the ancient Games and the modern Olympics.

In addition to this, children will learn about the beliefs of the ancient Greeks, producing fact files about the Greek gods and exploring the messages that the ancient Greeks may have taken from myths. Children will sequence a version of the Trojan War and will explore historical evidence relating to whether there was any truth behind the myth.
